CCA timbers (treated)	Health and Safety requirements. Environmental Hazard

The customer agrees not to supply prohibited materials to ACT Recycling. If prohibited materials are supplied to ACT Recycling then the customer is liable for the cost of the removal and disposal of the materials. If the supply of prohibited material results in damage to ACT Recycling infrastructure or equipment, or injury to site personnel or visitors, then the customer may be liable for these and consequential costs and prosecution.

The customer acknowledges that the prohibiting of certain materials protects ACT Recycling employees, visitors and neighbours from the health and safety consequences that may occur if these materials were received or processed on site.

It is the responsibility of the customer to unload all materials delivered on a customer vehicle in a safe manner. ACT Recycling will only assist the customer to unload materials if asked to do so. ACT Recycling may use machinery to unload materials from vehicles/trucks. The use of machinery may cause damage to vehicles/trucks. ACT Recycling and/or its employees, contractors or agents will not be held liable for any damage caused to vehicles while being unloaded. If you are concerned about these risks, you must refuse ACT Recycling's assistance. ACT Recycling reserve the right to refuse to assist with unloading of a customer vehicle/truck.

I have read, understand and agree to the above terms and conditions.
